RE: No Significant Use of UD Facilities or Funds/Waiver of UD Ownership Rights

Dear Sir:

I would like to request a determination that (check one):

_____ UD claims no rights in the technology/manuscript described below as it now exists, because I have developed this technology/manuscript without sponsored-research funds and without significant use of UD facilities or funds, or

_____ UD waives its ownership rights in the technology/manuscript described below.

It is my understanding that, if this request is granted, UD will make no claim to this technology, with the exception of retaining a nonexclusive, nontransferable, royalty-free license for UD's internal use in carrying out its normal business of sponsored research and development, and that I have no further obligation to UD in relation thereto. I may, however, at my sole option, contact the Technology Commercialization Office (TCO) for possible patenting or copyrighting and licensing of my technology through the TCO, if the TCO elects to assist me.

Title: _____

Please check one or more items as appropriate:

Software _____ Invention _____ Thesis _____ Mask Work _____
Biological or other tangible material _____

Description: _____

Research Institute Division or Academic Department or Division _____

Sponsorship Sources, if any (Include Account No.): _____

UD Facilities/Equipment Utilized: _____

UD Funds: _____

If thesis, state whether manuscript serves as a Final or Interim Report under a sponsored-research contract:

Potential Use of Technology: _____
